THE SILVER PLATFORM

The silver wing of the Republi can State Convention unanimously adopted the "Mowing platform;

The convention endorses and adopts the platform of the Repub-Heas State Convention, held at Va city on the 30 of April last, as tol-

Resolved, That we condemn the Republican party of the Eastern states and the administration of President Harrison, insofar as they have falled to accomplish the complete remonetization of silver, and to ecact laws providing for the free and unrestricted coinage of that metal.

Resolved. That the cestor tion of silver to the place it prespired previous to the passage or the Mint Act of 1873, is essential to the prosperity of the country and paramount to all other political considerations. The legislation witch robbed silver of its money functions and denied to the owner of sliver bullion the right to have the same coined into money upon the some terms and conditions which apply to the coinage of gold, reduced the money of ultimate redemption or ayment, about onehalf, and enabled the owners of money and obligations payable in money to monopolize.the coin of the commercial world.

Resolved, That the people of Nevada are in favor of the comage of silver upon the same con-Homeopathic Physici n. ditions which apply to the coinage of gold, and they are opposed to elevating any person to office woo is not known to be unequivocally in favor of opening the Mints of the United States to the free and

Diseases of Women and Child- unbmited coinage of silver. In view of the unsatisfactory attitude of President Harrison to the paramount issue of the remonetization of silver, to is convention will make no neminations fo Presidential electors and the State C+ntral Committee to be appointed by this Convention shall have no authority to put in nomination elec-

tors The Convention cordially eadorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of

wealth And we favor the continuation of agitation and contention for the free and unmitted comage of suver at the present ratio of 16 to 1, for their own benefit and for the penefit of the people at large miners, farmers, laborers and me

chanics. The citizens of Nevada, representatives of the various silver leagues, irrespective of past party affiliations, in convention assembl-300 NICE ROOMS. ed, do set forth the following declaration of principles:

Fist. We demand the full retrains to convey guests to and from the house, free of charry the present ratio of 16 to 1

Second. We are radically and unalterably opposed to the Nationa) Republican and Democratic parties on the question of the res coinage of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the United States, and especially to those of Nevada and all the other mining states and territorie , and we therefore repudiate the maninees of their corvention.

Third. We ploage the nominees or this convention for Presidential electors to support no man for President or Vice-President of the United States who is not unequivocally in favor of free coinage as defined by this convention. Ve reseave to the silver leagues of Nevada, in Convention assembled, \$1 the right of directing said Presidential electors for whom to cast their votes, should contingencies GEO.
